Where: Municipality (room 7)

from 7:00 pm

Free time

Day Three: 10.5.2019

8:00 am - 9.45 am IC Meeting

10:00 am - 3:00 pm Workshop: "Kindness in Businesses"

The **Kindness Culture Workshop** is designed to show how kindness is a powerful principle for any organization. It raises productivity and profit through the creation of a trusting, respectful and loyal work culture.

The one day workshop will take the group of participants through a series of brainstorms, exercises and processes to help them discover the power and wisdom of kindness in the way it enhances a work culture's communication, cooperation and most important of all, how it deals with abusive situations and resolves conflict in the most effective way.

By the end of the day, participants will have experienced how kindness is the way to optimise a work culture and fuel an organisation's mission and also see how the same insights and processes can be turned on in all areas of life.

The purpose of the Workshop is to provide facilitation training opportunities for Kindness Ambassadors to train organizations to be empowered by kindness and successfully enact the Kindness Clause as part of their corporate ambassador responsibilities.

Aligned with the World Kindness Project: **The Kindness App**; trained facilitators will be able to induct organizations through the Workshop and then the App, to be equipped with the awareness, commitment and tools to develop and maintain their kind culture.

Facilitator: Mr. George Helou (Australia)

Born in 1971, George Helou is a successful Life Coach settled in Perth (Australia).

He is Co-Founder of Verve Education.

George has also authored 2 books that became Australian best sellers and since 2018 is an active member of the WKM International Council.
